SOLUTIONS**

80/20
BUILD YOUR IDEA

Leverage the **#1** 80/20 distributor in the nation for your next T-slot aluminum extrusion project.

▶ **Leverage Our Buying Power:**

As the largest distributor we have access to the most competitive pricing available.

▶ **Free Design Assistance:**

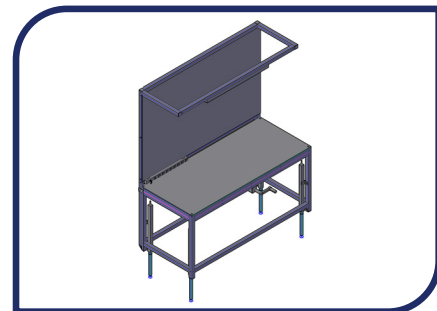

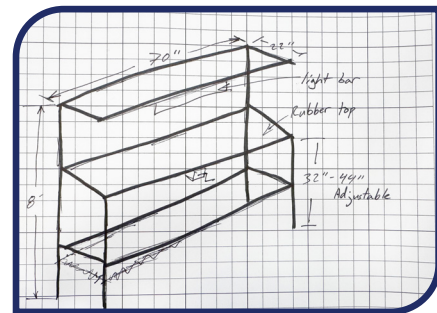

Our in-house team of 80/20 designers can take a concept to completion – if you can visualize it, we can create it.

▶ **Quickest Design Turn-around:**

We can provide a design for most projects in 72 hours or less.

▶ **Customized Options:** We provide a full range of delivery options from individual pieces and parts, kits organized and tagged with instructions, or sub-assemblies / full assemblies, as well as onsite builds when required.

▶ **Scalability:** Equipped to handle projects of any size—from simple projects to large complex assemblies with multiple product lines.

Our 80/20 Specialists will handle all the details so you don't have to lift a finger. Get in touch today to get started.

Call **314.298.2336** or email us at **GCG8020@gogcg.com**

Order stock length bars, fasteners and hardware **OR...**

Provide us a rough
sketch or CAD model

Our in-house 80/20
engineers use your
CAD model to generate
a BOM or turn your
sketch into a model
with a BOM

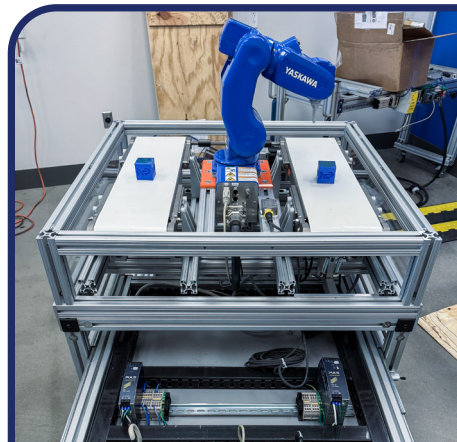

We can quote
everything as an
assembly or a **kit**

Project Examples

Outdoor Product Testing Enclosures

- ▶ Aluminum panels clad outer frame

Mobile Cobot Pedestal

- ▶ Stabilizing outriggers
- ▶ Mobile and ability to fit within

Mobile Robot Controller Frame

- ▶ Can be modified to store items
above and underneath robot
