

AUTOMATION  
& FACTORY  
SOLUTIONS

# Your automation vision, realized.

Streamline operations.  
Accelerate time to market.  
Maximize ROI.

*We're ready when you are.*

# Partner with us and get more

Tap into our dedicated team of engineers and solutions providers to stay ahead of industry shifts, reduce costs and improve efficiency.

## How GCG leads the way in automation

We offer the most comprehensive and respected portfolio in the business. From industrial controls, robotics, safety systems and more, count on GCG for the products you need — from the brands you trust.

**More expertise.  
More innovation.  
More ways to drive success.**

At GCG, we realize you have a choice when it comes to selecting an automation and factory solutions provider. To choose GCG is to choose a trusted partner. We're here to act as an extension of your team, connecting you to leading technologies, an expansive supplier network and value-added services that go far beyond products.

**We specialize in cutting-edge solutions for today's most forward-thinking industries:**

- ✓ Automotive
- ✓ Food & Beverage
- ✓ Pharmaceutical
- ✓ Mobile Equipment
- ✓ Material Handling
- ✓ Packaging
- ✓ Metals
- ✓ Oil & Gas

### World-class brands

**FANUC**

**FESTO**

**MIR**

**SIEMENS**

**WireCrafters**

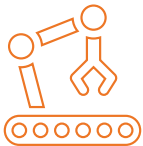

**YASKAWA**

# So many reasons to choose GCG

## Industry experience customized to your unique organization.

In today's rapidly evolving markets, customers face tighter deadlines, rising costs and limited options. GCG presents a fresh alternative, leveraging a specialized distributor network with nearly 700 years of combined experience to blend unmatched responsiveness with forward-thinking drive.

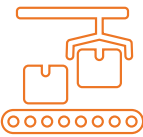

## Engineering expertise you can see in every solution.

We proudly offer tailored engineering and design solutions, backed by our collaborative team of experts with decades of hands-on experience. Our mission is to help customers arrive at timely automation solutions that elevate safety, enhance efficiency and boost performance across every operation.

## Technical know-how that produces better outcomes.

With specialized knowledge of the products we support, we are better able to assist customers in deploying high-quality and highly efficient automation solutions, including industrial controls, machine safety, power distribution, robotics, drives and motion control and more.

## A strong supply chain to fast-track your success.

With robust in-stock inventory and dependable logistics, downtime is minimized and schedules stay on track. We take great pride in our ability to provide high-quality products when and where they're needed most — always backed by the industry's most responsive customer support.

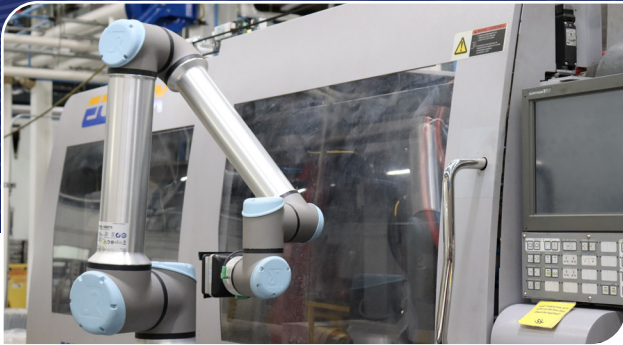

## Centers of Excellence that deliver higher levels of ROI.

We've built Centers of Excellence around key technologies and value-added services to accelerate and amplify the return on your technology investment.

Built on a strong foundation of specialized distributors, GCG brings you the best minds, solutions, and services — so you get expert guidance, faster results, and smarter outcomes for every project.

# Tap into our Centers of Excellence to give you **more**\*

## Cobot Integration

Experience the GCG cobot advantage, where fast deployment, low costs and unmatched flexibility amplify your operational performance.

- Machine tending, welding, palletizing and packaging
- Proof of concept using advanced simulation tools
- Avoid the delays and costs of DIY projects
- Trusted partnerships with leaders like FANUC, Universal Robots and Yaskawa Motoman

## 80/20

Leverage the resources of the largest 80/20 distributor to maximize profitability on your next project.

- Unmatched buying power
- Free design assistance
- 72-hour design turnaround
- Parts, kits, sub/full assemblies and on-site installs

*\*Many of these services are included in standard automation projects, while others may involve additional fees, determined case by case.*

## Value-added Services

Applying automation technology is just as important as the technology itself. We offer value-added services to help get the job done the right.

- Training
- Commissioning
- Programming
- Repairs

## Wire, Cable & Assemblies

GCG is one of the largest distributors of wire, cable and assemblies in the Automation and Factory Solutions industry. We partner with a wide variety of manufacturers to provide the best solutions at competitive price points.

**Let's build smarter,  
stronger systems — together.**

Whether you're retrofitting an existing line or building out a new solution, count on GCG to deliver tailored automation and robotic assemblies that match your exact specifications.
